

WELCOME HOME **LITTLE ONE!**

Professional support for mother,
baby and family

The first days after delivery can be joyful, tiring & overwhelming. While the mother recovers and adjusts to a new routine, the right support can make homecoming more comfortable.

2050 Healthcare provides trained caregivers, qualified nursing professionals and physiotherapists to support mothers and families at home.

Mother & Baby Caregiver

- Mother's personal-care routine
- Mobility and comfort support
- Meals and hydration
- Medication reminders
- Diaper-changing & baby hygiene
- Swaddling & clothing assistance
- Feeding-routine support
- Burping and settling assistance

Post-Delivery Home Nursing

- Recovery after a C-section
- Dressing and wound care
- Vitals monitoring
- Medication support
- Injections, as prescribed
- Mobility and recovery assistance
- Observation of the mother's condition

Postnatal Physiotherapy

- Gentle mobility
- Posture correction
- Core-strength recovery
- Pelvic-floor rehabilitation
- Back, neck & shoulder discomfort
- Post-C-section mobility
- Gradual return to daily activities

More Rest for You. More Confident Care for Baby.

SUPPORT FOR LIFE'S NEWEST CHAPTER

Every mother's recovery and every family's routine are different. Choose the support you need for the first days and weeks at home.
